- Moderated discussion with participating partners on presented areas/priorities for partnerships/cooperation and next steps (15 min)
- Presentation of new funding opportunities (5 min)
- Discussion & QnA (10 min)
- Closing

**About:** This 4th infosession on education/training in the space sector focuses on the current state of skills in the European space sector and discusses if they fit into the market requirements. Representatives from the academia, the EU institution, and the industry will share their views and experience in this vivid debate.

**Target group:** Universities/research centres which are NEREUS-Associate members, Universities based in NEREUS-members regions, other Universities interested in education/training, cooperation partners, NEREUS-regions who hosted the E04GEO workshops in the past, all NEREUS-members interested in the education/training regarding the use of space technologies;
